

Bumper Sticker Order Form

Please send \$1.50 for each bumper sticker that you want along with a self addressed, stamped envelope (a regular first class stamp is good for three bumper stickers). [By sending a self addressed stamped envelope you will be saving us a lot of volunteer time. It will also pay for the 25 cent fee that the bank charges for each account transaction. Thanks so much for your consideration.] If you order more than three bumper stickers we will pay the postage and provide packaging as is needed. These are high quality glossy vinyl bumper stickers that will take the outdoor elements long term. They also come off without pulling the paint off of your car! **Hint:** *When it comes time to remove the bumper sticker, pull it off slowly after it has been warmed by the sun. Be extra careful if you use a hair dryer to warm it. It comes off faster, but you can damage the paint behind the bumper sticker if you get it too hot!*
