

# Survey

We need your input. We need your advice. If you are an American Taxpayer, this whole movement is for you. We need to know what you want. If you have the time, please print out the survey below, fill out as many questions as you see fit, and send it to us (yes, by snail mail). It will be read. It will not be stuffed away in a file (at least not until it is read). Your suggestions are important. We will take them seriously. Thank you for taking the time to fill out the survey and please be assured that all information on the survey will be kept confidential. None of it will be shared or sold.

**Thank you so much for taking the time to fill out the survey. It will be read and the advice considered. All potential nominees (#13 and #14 above) will be considered carefully and equally. You have just helped us run a better campaign.**

**One last addition. As the campaign goes on and finances get tighter, we have an "ace in the hole" before we have to ask for donations. If we need to we will make "President Tony's" three part TV mini series available in the DVD format at a reasonable cost to bring in more revenue. This series, entitled "What's Happening to America?", was not widely seen when it was produced in the late 1980's and early 1990's (it was completed in 1991). People were not ready for it at that time. It is more relevant today than it was then and people are ready for it now. And just think, you get to see "President Tony" with hair!**
